HARRISON HARDWARE

1¼" Harrison Grande with Bauhaus Finial

The **Harrison Hardware** line offers our tradition of expert craftsmanship combined with innovative design. Hand forged heavy walled tubular poles [.120"] with solid finials and brackets comprise this elegant hardware line. All rods are welded to your desired length. Brackets and finials screw together, keeping rods in place.

MIRA HARDWARE

1¼" Mira End Bracket with Bauhaus Finial and Chase Detail

The **Mira Hardware** features a high quality Nickel finish which makes it a perfect hardware for interiors, outdoors or bathrooms. The **Mira** rods are heavy walled tubular poles [1/8"]. Rods and finials are made of stainless steel. Brackets are fabricated from solid aluminum with a nickel finish in order to achieve a sturdy but light weight effect. Brackets and finials link together, keeping rods in place without set screws or other fasteners. All rods made to your specified length.

Hinges for bay windows and corners available.

Oakland, CA
Permit #2319

CAMPBELL IRONWORKS specializes in the manufacturing of handcrafted curtain hardware. Our products are the result of many years of collaborating with designers and workrooms. We have created unique hardware systems which link or screw together to hold rods in place. This catalog represents years of listening to what our customers need. We use quality materials and spare no effort to insure top quality products. All hardware and rods are made to your desired size in Upstate New York. Our friendly expert staff is always available to help you choose the right hardware for your project.

HOW TO MEASURE

Our preferred measurement is Bracket Center to Bracket Center. Finial Lengths can be found on our website, most finials are available in custom lengths at no additional cost. Order Forms specifically designed for each of our hardware lines including **Bay Windows**, **Corners** and **Curves** may be downloaded from our website.
